Imagine that you could write an email or document at well below half the time of what you are normally accustomed to. Or write an idea down as fast as it arises in your mind?

That's possible with the new version of Keyboard Pro® - Denmark's best-selling, most critically acclaimed program of its kind and which is recommended by Microsoft. You will learn how to use your keyboard extremely fast and without making errors - and thereby save 20 days every year, year after year...

In 8 hours you will have learned how to operate your keyboard quickly, flawlessly and ergonomically correctly. Keyboard Pro® is probably the most all round popular and recognized program of its kind.

"Affordable and professional online course that makes it easier than ever to type like a pro"

"This business course is a great choice"

"If you want to learn professional keyboard skills Keyboard Pro® is the right tool for the job"

"A web-based course for computer users who take their typing seriously"

Simple & Straight Forward

INNOVATION:

- ✳ Keyboard Pro® is the first true innovation within professional keyboard skills. You can compare it with the way you drive. Here you don't think about how you are going to change gear, or when you are going to look at the rear view mirror, since it's a habit you have learned.

PRODUCTIVITY:

- ✳ The course will allow you to save up to 20 days a year, every year, simply in using the keyboard professionally.

FLEXIBILITY:

- ✳ Work WHEN and WHERE you want

ERGONOMICS:

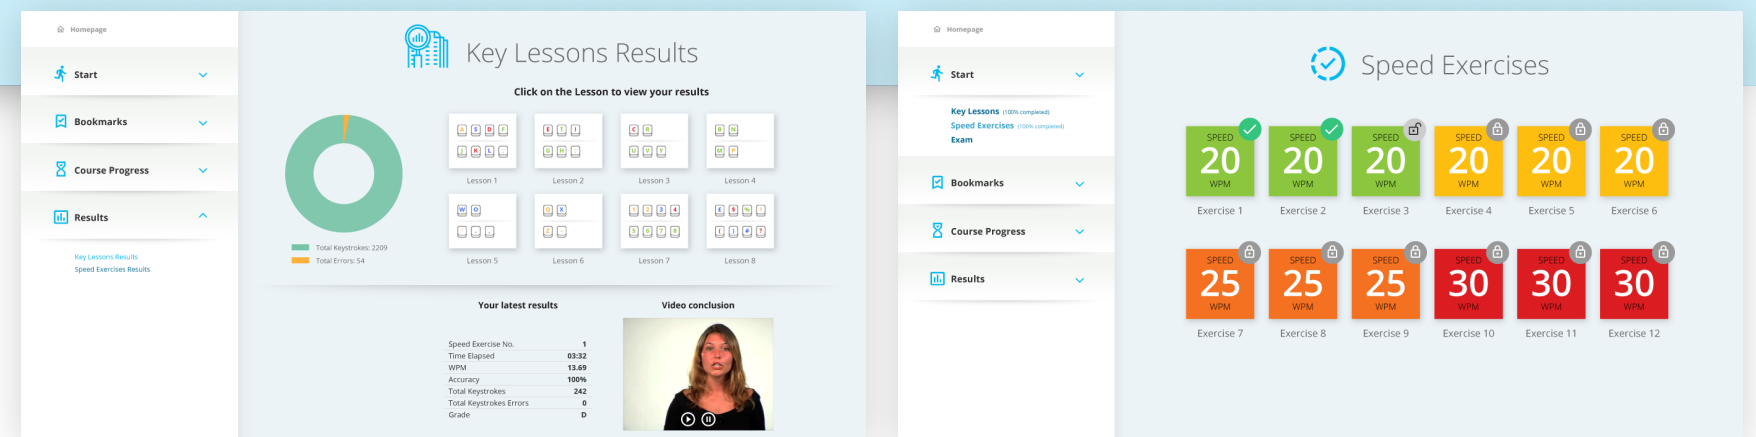

- ✳ The course substitutes poor posture with correct ergonomics, which of itself will reduce man-hours lost.

DIPLOMA:

- ✳ You will get a recognized diploma when you finish the course which you can publish automatically to Facebook
